

# Cybersecurity Secrets: How to Keep Your Business Safe

**Wednesday, October 16**  
**7:30 - 9 a.m.**

**St. Norbert College - Bemis Conference Center**  
**100 Grant Street • De Pere**

Do hackers in Russia, China and other countries really want to hack your small business in Northeast WI? Would your employees spend hundreds of dollars on iTunes gift cards if asked? Is your antivirus still using technology from the 1990's?

**Jered Koslowski** of Everyday Technology, LLC will answer all these questions and more in a fun and interactive setting at this free seminar. You'll leave with a better understanding of cybersecurity, and how to prevent the "worst day ever" in your business.

*A complimentary breakfast will be served.*
